

OUR CITY IS FACING ECONOMIC UNCERTAINTY AND CHANGE UNLIKE ANY OTHER TIME IN OUR HISTORY.

“We must attract new investment, retain talent and re-establish our economic advantage. The next four years at City Hall must be dedicated to fostering stability for all Calgarians. Only by stabilizing our economy, prioritizing our collective wellbeing, and investing equitably in our communities, can we move the dial toward greater prosperity for our city in a meaningful way.

I have every confidence that we will rise up together in a way that is more dynamic and sustainable than anything we have done in our past. We must steady our ship and steer a better course for Calgary.”
